

# Chapin Woman's Club makes a splash

7/15/2018

By Chris Woodworth

On Friday morning, June 22<sup>nd</sup>, Volunteers from Chapin Woman's Club helped make a splash in our community by serving lunch at the 17<sup>th</sup> annual Limitless Skiing Event held at Woodman of the World on Johnson Marina Road. This event was started by Dr. Fred Piehl, who is a pediatric orthopedist at Midlands Orthopedics.

Special Needs Children are able to use adaptive equipment so that they can participate in water sports on Lake Murray such as water skiing, and kayaking. The smiles and shouts of joy on the faces of the participants and their families said it all.

The challenges the children face each day were able to take a backseat to a day when they could ski, ride in a boat, kayak and swim not to mention eat great food prepared by Woodman Life.

Mary Slade was told by one of the organizers "the picnic went smoother because of CWC's help with serving the food". Our ladies felt privileged to volunteer at this

Volunteers Mary Slade, Susie Taffoni, Mary Hanzlick, and Carolyn Robbins.

Thank you ladies for demonstrating the volunteer spirit to those in need. Sounds like everyone, volunteers included, had a great day!

be an evening filled with beach music provided by DJ Roger Daley. There will be food trucks, vendors, and door prizes besides non-stop music
